BANUSHRI KANDHAN

Python Developer | AI & Machine Learning Enthusiast

Kumbakonam, Tamil Nadu, India | +91 8098665093 | kbanushricsgcwk@gmail.com

LinkedIn: linkedin.com/in/banushri-kandhan-24b28a2a5 | GitHub: github.com/banu-462006

PROFESSIONAL SUMMARY

Dedicated and passionate Computer Science undergraduate with strong practical expertise in Python, Machine Learning, Natural Language Processing, and Web Development. Experienced through AI Engineering and Web Development internships, with a proven track record of developing innovative, user-friendly applications and machine learning models.

EDUCATION

B.Sc. Computer Science — *Bharathidasan University* (2023 – 2026)

Government College for Women (Autonomous), Kumbakonam | **Score: 82%**

Higher Secondary (Computer Science) (2023)

R.K.R Government Higher Secondary School | **Score: 92%**

TECHNICAL SKILLS

- **Programming Languages:** Python
- **Artificial Intelligence & ML:** AI, Machine Learning, Deep Learning, NLP, Sentiment Analysis
- **Web & Database:** HTML5, CSS3, JavaScript, SQL / MySQL
- **Developer Tools:** VS Code, PyCharm, GitHub, Google Colab, Kaggle, Jupyter Notebook
- **Productivity & Design:** Microsoft Office, Advanced Excel, Canva

INTERNSHIP EXPERIENCE

AI Engineering Intern — SwordNex Technologies Pvt Ltd (June 2026)

- Developed machine learning workflows using Python and Scikit-learn.
- Implemented and evaluated classification algorithms: KNN, SVM, Logistic Regression, and Naive Bayes.
- Explored neural network architectures and deep learning foundations with TensorFlow and PyTorch.

Web Development Intern (May 2025 – June 2025, 60 Hours)

- Developed responsive and user-friendly web interfaces using HTML5 and CSS3.
- Gained practical experience in frontend architecture, UI design standards, and cross-browser debugging.

PROJECTS

Farmer-to-Customer Green Cart | *HTML, CSS, JavaScript, MySQL*

- Built an online marketplace directly connecting farmers with consumers, eliminating middleman commissions.
- Designed responsive product catalogs, search filtering, and MySQL database persistence.

Terra Bloom – Organic Food Ordering Platform | *HTML, CSS, JavaScript*

- Developed an interactive, responsive food ordering website for healthy organic dining.
- Implemented dynamic food menus, cart state management, checkout flows, and order confirmation UI.

NLP-Based Conversational Chatbot | *Python, NLP, NLTK, Sentiment Analysis*

- Designed an intelligent conversational assistant using NLTK and Python.
- Integrated text preprocessing (tokenization, stop-word removal), sentiment scoring, and intent-based response generation.

CERTIFICATIONS

- AI Engineering Certification | Web Development Certification
- Microsoft Excel Certification | Typewriting Certification
